

FITRIANI INDAH

Cybersecurity Engineer

Jakarta, Indonesia | Phone: 08443624990 | Email: fitriani.indah@email.com

SUMMARY

Experienced cybersecurity engineer with a focus on implementing robust security measures to protect digital assets. Skilled in conducting security assessments, identifying vulnerabilities, and implementing solutions to mitigate risks. Proficient in network security, encryption techniques, and incident response. Dedicated to staying updated with the latest cybersecurity threats and technologies to ensure effective protection against emerging threats.

EXPERIENCE

TEKNOLOGI AMAN SEJAHTERA - Jakarta, Indonesia

Cybersecurity Engineer (March 2018 – Present)

- Conducted vulnerability assessments and penetration testing to identify weaknesses in network infrastructure and applications.
- Implemented security controls and protocols to mitigate risks and ensure compliance with industry regulations and standards.
- Developed and maintained incident response plans and procedures to effectively respond to and mitigate security incidents.
- Provided cybersecurity training and awareness programs to educate employees on best practices and security policies.

PT INOVASI TEKNOLOGI TERDEPAN - Bandung, Indonesia

Security Analyst (August 2015 - February 2018)

- Monitored security logs and alerts to detect and respond to security incidents in real-time.
- Analyzed malware samples and performed forensic analysis to investigate security breaches and incidents.
- Collaborated with internal teams and external stakeholders to implement security solutions and address security concerns.
- Conducted security risk assessments and developed risk mitigation strategies to minimize security risks and vulnerabilities.

EDUCATION

UNIVERSITAS INDONESIA (2011 - 2015)

Bachelor of Computer Engineering - GPA 3.7

SKILLS

- Network security
- Vulnerability assessment and penetration testing
- Incident response and forensic analysis
- Security policies and procedures
- Threat intelligence
- Encryption techniques
- Security awareness training
