

DANIEL EVANS

Intermediate Data Scientist

New York, NY | Phone: (212) 555-1234 | Email: daniel.evans@gmail.com

SUMMARY

Detail-oriented intermediate data scientist with 4 years of experience in analyzing and interpreting complex datasets. Proficient in Python, R, SQL, and data visualization tools such as Tableau and matplotlib. Skilled in machine learning techniques and statistical analysis. Strong problem-solving abilities and attention to detail. Committed to delivering actionable insights that drive business growth and decision-making.

EXPERIENCE

DATA INSIGHTS INC. - NEW YORK, NY

Data Scientist (August 2017 – Present)

- Utilized Python and SQL to clean, preprocess, and analyze large datasets to extract meaningful insights.
- Developed predictive models using machine learning algorithms to forecast customer behavior and improve targeting strategies.
- Created interactive dashboards and visualizations in Tableau to communicate key findings to stakeholders.
- Collaborated with cross-functional teams to identify opportunities for process improvement and data-driven decision-making.

EDUCATION

COLUMBIA UNIVERSITY (2013 - 2017)

Bachelor of Science in Statistics – GPA 3.7

SKILLS

- Python
- R
- SQL
- Data visualization (Tableau, matplotlib)
- Machine learning
- Statistical analysis
- Data cleaning and preprocessing
- Problem-solving
- Team collaboration
- TensorFlow
- PyTorch
- Hadoop
- Spark
