

LIANG CHEN

Cloud Solutions Architect

Jakarta | +62 863 8756 5162 | liangchen@email.com

SUMMARY

Innovative cloud solutions architect with 8 years of experience designing, implementing, and managing cloud-based architectures. Proficient in AWS and Azure cloud platforms, with expertise in cloud migration, automation, and security. Skilled in collaborating with cross-functional teams to deliver scalable and cost-effective cloud solutions that align with business objectives.

EXPERIENCE

PT CLOUD INNOVATIONS - Jakarta, Indonesia

Cloud Solutions Architect (June 2016 - Present)

- Led the design and implementation of cloud-native architectures for clients across various industries, optimizing performance, reliability, and cost efficiency.
- Developed automation scripts using Terraform and Ansible to streamline infrastructure provisioning and deployment processes.
- Implemented cloud security best practices, including identity and access management, encryption, and network security controls.

PT TECHCLOUD - Jakarta, Indonesia

Senior Cloud Engineer (January 2013 - May 2016)

- Designed and deployed hybrid cloud solutions, integrating on-premises infrastructure with public cloud services to meet business requirements.
- Managed cloud migration projects, assessing workloads, and determining the most suitable cloud deployment models and migration strategies.
- Provided technical guidance and support to development teams in leveraging cloud services and implementing DevOps practices.

EDUCATION

UNIVERSITAS INDONESIA (2008 - 2012)

Bachelor of Computer Science - GPA 3.8

CERTIFICATIONS

- AWS Certified Solutions Architect - Professional
- Microsoft Certified: Azure Solutions Architect Expert
- Certified Kubernetes Administrator (CKA)
