

CHEN WEI

Network Engineer

Jakarta | +62 873 1556 5992 | chenwei@email.com

SUMMARY

Dynamic and results-driven network engineer with 6 years of experience designing, implementing, and managing enterprise network infrastructures. Proficient in Cisco networking technologies, including routing, switching, and firewall configuration. Skilled in troubleshooting complex network issues and optimizing network performance to meet business requirements.

EXPERIENCE

PT NETWORK SOLUTIONS - Jakarta, Indonesia

Network Engineer (April 2017 - Present)

- Designed and implemented scalable network architectures to support company growth and expansion, ensuring high availability and reliability.
- Configured and maintained Cisco routers, switches, and firewalls to ensure optimal performance and security of the network infrastructure.
- Conducted network performance monitoring and analysis to identify and resolve performance bottlenecks and optimize network performance.

PT TECHNETWORK - Jakarta, Indonesia

Junior Network Engineer (August 2015 - March 2017)

- Assisted senior engineers in troubleshooting network issues and implementing network upgrades and enhancements.
- Participated in network design and planning activities, including IP address allocation and subnetting.
- Provided technical support to end-users and assisted in the resolution of network-related issues.

EDUCATION

UNIVERSITAS INDONESIA (2011 - 2015)

Bachelor of Information Technology - GPA 3.7

CERTIFICATIONS

- Cisco Certified Network Associate (CCNA)
- Cisco Certified Network Professional (CCNP)
- CompTIA Network+
