

HERA SUTADI

Computer Graphics Specialist

Jakarta | +62 811 9421 0041 | herasutadi@email.com

SUMMARY

Highly skilled computer graphics specialist with over 8 years of experience in creating stunning visual content. Proficient in various graphics software and techniques, including Adobe Creative Suite, Autodesk Maya, and Blender. Experienced in 3D modeling, texturing, lighting, and rendering. Committed to delivering top-quality graphics that meet client requirements and exceed expectations.

EXPERIENCE

PT DigitalArt Studios - Jakarta, Indonesia

Computer Graphics Specialist (September 2015 - Present)

- Created detailed 3D models, textures, and animations for use in video games, films, and advertisements.
- Utilized Autodesk Maya and Blender to design and animate characters, environments, and special effects.
- Ensured consistency and quality in graphics production by adhering to project timelines and specifications.

PT CreativeWorks - Jakarta, Indonesia

Junior Graphic Designer (May 2012 - August 2015)

- Assisted in the design and production of print and digital graphics for marketing materials, websites, and social media.
- Supported senior designers in executing design projects, from initial concept to final delivery.
- Contributed creative ideas and concepts to design brainstorming sessions, helping to shape visual concepts and themes.

EDUCATION

UNIVERSITAS INDONESIA (2008 - 2012)

Bachelor of Computer Science – GPA 3.2

CERTIFICATIONS

- Autodesk Certified Professional (ACP) in Maya
- Blender Certified Trainer
- Adobe Certified Expert (ACE) in Photoshop
