ADI NUGROHO
Junior Data Analyst

Yogyakarta, Indonesia | Phone: 08272325994 | Email: adinugroho@email.com

SUMMARY

Recent graduate with a Bachelor's degree in Statistics. GPA above 3. Skilled in data analysis, statistical modeling, and data visualization. Proficient in programming languages such as Python and R. Strong analytical and problem-solving abilities with a passion for deriving insights from data. Eager to apply academic knowledge and gain practical experience in a data-driven environment.

EXPERIENCE

PT ANALITIK MAJU - Surabaya, Indonesia
Junior Data Analyst (June 2023 – Present)

- Conducted exploratory data analysis to identify trends, patterns, and outliers in large datasets using Python and R.
- Built predictive models and performed statistical analyses to generate actionable insights and recommendations.
- Developed interactive data visualizations and dashboards using tools such as matplotlib, seaborn, and Tableau to communicate findings to stakeholders.
- Collaborated with cross-functional teams to define project objectives, gather data requirements, and deliver analytical solutions.
