ANTON LOKA

Cloud Computing Engineer

Bandung | +62 831 2002 5551 | antonloka@email.com

SUMMARY

Innovative cloud computing engineer with 5 years of experience in designing, deploying, and managing cloud infrastructure. Proficient in leading cloud platforms such as Amazon Web Services (AWS), Microsoft Azure, and Google Cloud Platform (GCP). Skilled in cloud architecture design, automation, security, and cost optimization. Dedicated to delivering scalable, reliable, and cost-effective cloud solutions that drive business success.

EXPERIENCE

PT CloudTech Solutions - Bandung, Indonesia
Cloud Computing Engineer (August 2017 - Present)
- Designed and implemented scalable cloud architectures on AWS, Azure, and GCP to meet client requirements and business objectives.
- Led cloud migration projects, assessing existing infrastructure, developing migration strategies, and executing migrations with minimal downtime.
- Optimized cloud environments for performance, cost-efficiency, and security, leveraging best practices and monitoring tools to ensure reliability and compliance.

PT TechInnovate - Bandung, Indonesia
Junior Cloud Engineer (May 2015 - July 2017)
- Assisted in the deployment and configuration of cloud infrastructure components, including virtual machines, storage, and networking resources.
- Participated in troubleshooting efforts and resolution of technical issues related to cloud services and applications.
- Contributed to the development of automation scripts and deployment pipelines to improve efficiency and consistency in cloud operations.

EDUCATION

INSTITUT TEKNOLOGI BANDUNG (2011 - 2015)
Bachelor of Computer Engineering – GPA 2.3

CERTIFICATIONS

- AWS Certified Solutions Architect – Professional

SKILLS

- Cloud platforms: AWS, Azure, GCP
- Cost optimization
- Automation and scripting
- Cloud architecture design
- Cloud migration and deployment
- Cloud security and compliance
