XANDER KWAN

Senior Artificial Intelligence Engineer

Jakarta | +62 806 1002 5955 | xander.kwan@email.com

SUMMARY

Innovative and results-driven Senior Artificial Intelligence (AI) Engineer with over 8 years of experience in developing cutting-edge AI solutions. Proficient in machine learning, deep learning, and natural language processing. Skilled in leading AI projects from concept to deployment, driving business impact and innovation. Strong problem-solving abilities and a proven track record of delivering high-quality AI solutions. Passionate about leveraging AI to solve complex challenges and drive business growth.

EXPERIENCE

PT Advanced AI Solutions - Jakarta, Indonesia
Senior AI Engineer (January 2018 - Present)

- Led the development of AI-powered products and solutions, including recommendation systems, chatbots, and predictive analytics platforms.
- Designed and implemented machine learning models and algorithms for various applications, achieving significant improvements in accuracy and performance.
- Collaborated with cross-functional teams to define project requirements, develop technical specifications, and deliver scalable AI solutions on time and within budget.

PT FutureTech Innovations - Jakarta, Indonesia
AI Engineer (July 2014 - December 2017)

- Developed and deployed machine learning models for real-time data analysis, anomaly detection, and pattern recognition.
- Optimized algorithms for performance and scalability, resulting in faster processing times and reduced resource consumption.
- Optimized algorithms for performance and scalability, resulting in faster processing times and reduced resource consumption.

EDUCATION

UNIVERSITAS INDONESIA (2009 - 2013)
Bachelor of Science in Computer Science – GPA 3.8

SKILLS

- Machine learning and deep learning
- Natural language processing (NLP)
- Data preprocessing and feature engineering
- Reinforcement learning
- Python, TensorFlow, PyTorch
- Model deployment and optimization
