GUSMAN ONG

Mobile Application Developer

Bandung | +62 806 1152 5931 | gusmanong@email.com

SUMMARY

Highly skilled mobile application developer with 5 years of experience in designing, developing, and deploying mobile apps for Android and iOS platforms. Proficient in programming languages such as Java, Kotlin, Swift, and Flutter. Experienced in full-stack development, UI/UX design, and integrating APIs. Dedicated to creating innovative and user-friendly mobile solutions that meet client needs and exceed expectations.

EXPERIENCE

PT MobileTech Solutions - Jakarta, Indonesia
Mobile Application Developer (August 2017 - Present)

- Integrated third-party APIs and services to add functionality and enhance user experience, such as payment gateways, location-based services, and push notifications.
- Designed and developed native and cross-platform mobile applications for clients across various industries, using technologies such as Java, Kotlin, Swift, and Flutter.
- Conducted thorough testing and debugging to ensure the quality and reliability of mobile applications across different devices and operating systems.

PT AppWorks - Jakarta, Indonesia
Junior Mobile Developer (June 2015 - July 2017)

- Participated in design reviews and brainstorming sessions to generate ideas and improve application functionality and performance.
- Worked closely with senior developers to implement new features, optimize code, and troubleshoot issues.
- Assisted in the development and maintenance of mobile applications, contributing to coding, testing, and debugging efforts.
