WANG JUN

Blockchain Developer

Jakarta | +62 843 8523 0023 | wangjun@email.com

SUMMARY

Innovative blockchain developer with 5 years of experience in designing, developing, and deploying blockchain solutions. Proficient in Ethereum, Hyperledger Fabric, and Solidity smart contract development. Skilled in creating decentralized applications (DApps) and implementing blockchain-based solutions for various industries.

EXPERIENCE

PT BLOCKCHAIN SOLUTIONS - Jakarta, Indonesia
Blockchain Developer (June 2018 - Present)

- Developed decentralized applications (DApps) using Ethereum blockchain and Solidity smart contracts, ensuring security and scalability.
- Implemented permissioned blockchain networks using Hyperledger Fabric, including network setup, chaincode development, and peer configuration.
- Implemented permissioned blockchain networks using Hyperledger Fabric, including network setup, chaincode development, and peer configuration.

PT CRYPTO INNOVATIONS - Jakarta, Indonesia
Junior Blockchain Developer (January 2016 - May 2018)

- Assisted senior developers in designing and developing blockchain solutions, including cryptocurrency wallets and tokenization platforms.
- Participated in blockchain research and development projects, exploring new technologies and use cases for blockchain technology.
- Provided technical support and assistance to clients in integrating blockchain solutions into their existing systems.

EDUCATION

UNIVERSITAS INDONESIA (2012 - 2016)
Bachelor of Computer Science - GPA 3.6

CERTIFICATIONS

- Ethereum Developer Certification (EDC)
- Certified Hyperledger Fabric Developer (CHFD)
- Blockchain Basics (Coursera)

SKILLS

- Ethereum blockchain
- Hyperledger Fabric
- Solidity smart contracts
- Decentralized applications (DApps)
- Cryptography
- Blockchain security
